The Death of Thamer Al-Najar by the Government Forces

Thamer Al-Najar

The Syrian Network for Human Rights has briefed the UN team concerned with extrajudicial killing of the case of citizen Thamer Al-Najar from Daraa city in Daraa province, born in 1990, and asked them to record his case in their records.

The Syrian authorities did not admit killing Thamer Al-Najar, and his familt couldn't apply any complaint out of fear of pursuit by the security forces.

SNHR assure its fear of the civilians killings operations since 2011, and the number of deaths is still rising.
