

Statement

Syrian Army Forces Arrest All People Who Met with the Red Cross Delegation in Izra, Daraa Governorate

The Syrian Network for Human Rights (SNHR) documented on Friday that government army personnel arrested all the people who had met with an International Committee of the Red Cross delegation that came to Izra city in Daraa governorate.

The detainees have been named as:

Ahmad Jabr al Hroub, 65 years old

Ayman Ali Taleb al Abeid, 54 years old, and his children

Isam Ayman al Abeid, 26 years old, whose motorcycle was also confiscated

Wisam Ayman al Abeid, 22 years old

Mohammad Ali al Hroub, 45 years old, whose sons Hamza and Adnan were detained 20 days ago

Marwan Naser al Abeid, 43 years old, whose personal computer was also confiscated

Mr. Mohammad al Dghaim and his brothers Za'al al Dghaim and Madyan al Dghaim

These detainees had met with members of the committee and alerted them to the fact that the reason for the relative calm in Izra city was due to the presence of the regime's military brigade number "12" and many security branches in Izra city, emphasizing to the delegates the need to go to the besieged and disaster-stricken Busr al Harir, which is close to Izra, but the ICRC delegates did not respond.

We call on the International Red Cross to expedite their demands and work for their release; otherwise the Syrian regime's terror towards the people will prevent activists and people from meeting with the International Red Cross or any human rights or international commission delegates in the future.
